# Datex Mobile Web

Datex has developed a feature-rich, browser-based mobile experience that is device independent.

- ✅ **Compatible with most devices with HTML5- enabled browsers**
- ✅ **OS independent and runs on Android, iOS, and Windows**
- ✅ **Facilitates real time operations and visibility from the palm of your hand**
- ✅ **Quick connect**

100% Web Based, Fully Responsive

- ✅ **Supports multiple form-factors and display sizes**
- ✅ **Near parity with legacy Footprint Mobile functionality**
- ✅ **Self-adjusting portrait or landscape orientation capability**
- ✅ **Smooth, streamlined user experience, and easily operated**
- ✅ **Intuitive Interface that minimizes training time**

Datex is a supply chain technology firm with 45 years of expertise in delivering software solutions to over 200 global clients in third-party logistics, pharmaceutical, food and beverage, regulated goods, precious metals, consumer goods, cold storage, and temperature-controlled commodities. Recent innovations include Wavelength and a new generation of Datex Footprint® WMS.
